The 11th KOCSEA Technical Symposium

The KOCSEA Technical Symposium 2010 was held at KUSCO (Korea-US Science Cooperation Center) building, Vienna, VA, November 5th - 6th, 2010.

- General Chair: Prof. Yoohwan Kim (UNLV)
- Program Chair: Prof. Jungwoo Ryoo (Penn State University, Altoona)

The two day event included two keynote speeches by Dr. Preston Marshall (USC-ISI) and Dr. Hosin Lee (University of Iowa); six technical sessions, Birds-of-a-Feather (BoF) branch out sessions and an award ceremony. About seventy researchers, from the academia, the industry, and the US Government, participated in the event. The event was co-organized by KOCSEA, KUSCO (Korea US Science Cooperation Center, Inc.), and KSEA (Korean Scientists and Engineers Association) with generous support from KUSCO, KSEA, Telcordia Technologies, Samsung, and ETRI (Electronics and Telecommunications Research Institute).

KOCSEA

Korean Computer Scientists and Engineers Association in America

About KOCSEA

The Korean Computer Scientists and Engineers Association in America (KOCSEA), founded in 1983, is a non-profit organization of Korean and Korean American computer scientists and engineers in North America. The basic goal of KOCSEA is to "promote communication, information exchange and cooperation among its members and to provide opportunities for them to make contributions to computer-related fields in Korea and U.S."

Currently KOCSEA has about 500 members in academia and in industry at various stages in their careers, from undergraduate and graduate students to young professionals and assistant professors, and to senior executives and professors.

Member

As a KOCSEA member, you will be provided with (1) up-to-date information about new developments and opportunities in the field, and (2) access to a strong network of established and emerging players in computer science and engineering.

Examples of the above include timely announcements of career opportunities, and invitation to various events organized by KOCSEA.

Note: Membership is FREE!
